Students in Happiness

Objective and Description

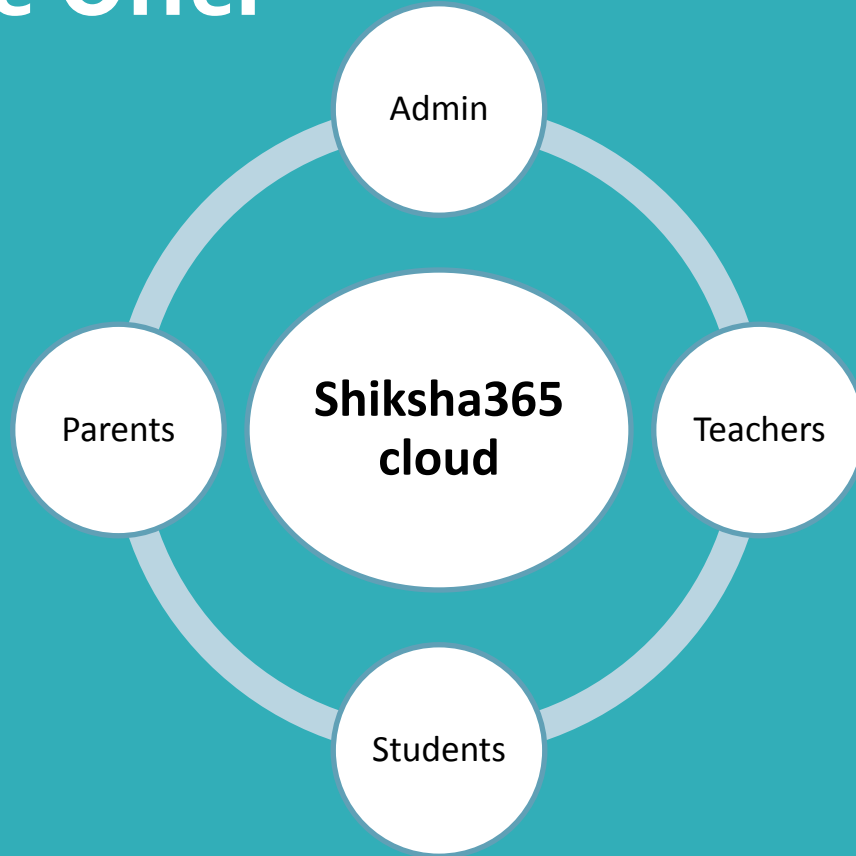

- It is designed for better interaction between students, teachers, parents & management.
- This management software is very gracefully handles all the requirements for easy Academy Management.
- The Academy Management System being web based can be accessed from anywhere in the world, which enables the students, teachers, parents & the management be in touch with each other at all times.

Problem Definition

Modules We Offer

Admin Modules

- This is the most functional & useful one of all the modules.
- This module mainly serves the principal or administrator who monitors & controls the entire academy management.
- Through this admin can have control over the following sub-modules :
 - Class
 - Time Table
 - Fee Transactions
 - Examination
 - Medical Check-up
 - Bus schedule & Tracking
 - Library
 - Visitor`s entry pass
 - Hostel rooms
 - Front office
 - Financial account
 - Purchase & supplier
 - Inventory & Stock
 - Controlling student & teacher`s module.

Teacher Modules

- This module mainly serves teachers to use & control following sub-modules wherein each teacher is given a separate login ID:
 - Attendance
 - Time Table
 - Report Cards
 - Exams schedule

Students / Parents Modules

- A login ID will be given to each student which a parent can also use.
- Through this module students and parents can only view the details but cannot make changes.
- The sub-modules which a student / parent can use are:
 - Attendance
 - Time table
 - Report card
 - Exam Schedule
 - Bus Schedule
 - Fees

Benefits for Students

- Student`s can know about their academics, marks and about their attendance.
- They could be aware of the activities which are held in the schools.
- They can access about their fees structure and other financial details from anywhere.
- The record about their health and personal details would be maintained.
- They can know about their timetable and syllabus.
- The most important benefit they could gain is through Quiz which would help them to update their academic knowledge.

Benefits for Teachers

- They can store all their personal details.
- They can view the classes which are assigned to them and timings of their classes.
- They can evaluate their student performance as they can access to all the records of their students.
- They can view the students attendance as their module.
- They can view the calendar just by a mouse click.

Benefits for School Admin

- Effective & well organized academy management
- They can monitor all the student`s and teacher`s information easily.
- The account management can be done in much easier way.
- They can be accessible to all their reports anytime.

Benefits for Parents

- In present scenario people hardly get time to interact with teachers and management about their child`s performance.
- So, our portal helps them to know about their children`s performance and even to interact with their teacher`s through forum.
- This would help in development of children as we believe child can make successful with coordination and cooperation of both teachers as well as parents.
